FISHING REGULATIONS FOR ZONE 12

FISHING DOCUMENTS

- In order to fish, the following documents are required:
 - Fishing license, Yearly document of Zone Association (Associazione al Bacino), or Temporary Permit.
 - Valid identification document
- The fishing document, or Temporary Permit, must be completed in all its parts with black or blue ink, before beginning to fish.
 - Specimens taken must be marked immediately after they are collected.
 - Zone Members must mark specimens in the appropriate booklet, and member booklet immediately after they are collected when fishing is completed.

FISHING EQUIPMENT AND METHODS

- In salmonid waters (Cison Creek):**
 - Fishing is allowed with one single fishing rod, and one single hook with a single point at the terminal, barbless or with flattened barb.
- In cyprinid waters (Lake Corlo):
 - Fishing can be practiced with a maximum of three fishing rods, with not more than three hooks each, with one or more points at the terminal.
 - For bass fishing, when one fishing rod is being used, this can have a maximum of five hooks as long as artificial bait is used. This artificial bait is commonly called, "ciucci".
 - Use of a paternoster rig is allowed with a maximum of three baits.
 - Fishing from bridges or motor vehicles is prohibited.
 - Passing the overhead signs in

proximity of the dam by boat is prohibited.

- Use of boops, or gaff, is prohibited.
- Fishing net is required.
- Electric motor tow is prohibited.

USE OF BAIT

- Fishing with live or dead small fish as bait is prohibited in all the waters of the zone.
- Use of carnaria fly larvae is prohibited in all the waters of the zone.
- From the beginning of the fishing season until, and including, May 31st, in Lake Corlo, fishing with artificial bait is allowed only from boats and only with artificial bait with maximum size of nine centimeters. Use of dry fly, not cast from the bank of the river, with only a single hook and a

single point, without barb or flattened barb, is allowed. Use and possession of any other type of artificial bait is prohibited in this period.

- Use and possession of artificial bait with barbed hooks is prohibited in Lake Corlo. (Unless they are barbless hooks.)
- When using artificial hooks of over 14 centimeters, with hooks with more than one dart, use of a metal or fluorocarbon lines with a diameter of minimum 0.55 mm e lenght not under 20 cm, are required.
- The possession of all types of bait prohibited by regulation L.R. 19/98 Art.12 c. 7 bis are prohibited.

NO KILL ZONE

- In order to fish in the No Kill Zone of Cison Creek, it is necessary to be a member authorized by concessionaire, or be in possession
